

Dear Visitor,

On behalf of the Greater Minneapolis Convention & Visitors Association (GMCVA) and the Minneapolis Advisory Committee on People with Disabilities we welcome you to our fine city.

The GMCVA markets the city as a premier destination for conventions and meetings, group tourism and leisure travel. GMCVA staff, its members, local businesses, civic leaders and the community have formed a partnership to service your needs as a visitor to Minneapolis.

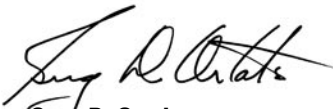

The Minneapolis Advisory Committee on People with Disabilities for over 30 years has teamed with Minneapolis' elected officials, department heads and the business/entertainment community to address and resolve access issues that impact our lives daily.

Together, our two organizations launched an access survey project where the Committee surveyed a number of downtown member restaurants and hotels in March and April 2005.

What we have provided here is simply a snapshot of what the level of access was when the survey was conducted, along with additional accessibility information that might be helpful to you. Please note that access of course is fluid and frequently changes with placement of furniture or structural modifications.

We'd like to publicly thank the members of the Committee's Access Survey Team for all their hard work and dedication to our goal: Dorothy Balen, Ken Brown, Stuart Cross, Martha Hage, Frank Morisano and Nicole Roberts. Enjoy your visit!

Sincerely,

Greg D. Ortale

GMCVA President and CEO

Margot Imdieke Cross

Advisory Committee Chairperson
